

## Travis County non-U.S. citizen data obtained from the Texas Secretary of State and the Department of Public Safety

Updated 2/25/2019

**Based on recent communication received from the Secretary of State, we are suspending further review of the Secretary of State's list at this time until the Secretary of State provides credible information requiring further review.**

### TIMELINE

**Monday, Jan. 28, 2019:** The Secretary of State's office sent Travis County a list of 4,558 voter records that they identified as possible non-citizens. Our office was advised to review the list and take action by sending letters asking for proof of citizenship.

**Tuesday, Jan. 29, 2019:** The Secretary of State's office informed Travis County by phone that the file included valid voter registration applications submitted to the Texas Department of Public Safety (DPS) by citizens. The state provided us with the code on these records to help us identify them for removal from the list. During this call, the Secretary of State's office confirmed that the records we received may include voters who were not citizens at the time they applied for a driver's license but have since become citizens. There is no code on these records to help us identify them for removal from the list.

**Wednesday, Jan. 30, 2019:** Based on the information provided by the Secretary of State, Travis County identified and removed 645 records with a code to indicate that the most recent application came from the DPS.

**Friday, Feb. 1, 2019:** Travis County completed an initial manual review of 993 voter registration records to determine if there is information that indicates the voter registered at a naturalization ceremony in Bexar or Travis County. As a result, Travis County identified and removed 656 records from the list.

**Monday, Feb. 4, 2019:** Travis County identified and removed 94 duplicate records from the list.

**Wednesday, Feb. 6, 2019:** Travis County completed a manual review of 546 voter registration records with a code that indicated the most recent action was a clerical change initiated by our office. The images were searched to determine if there is information in the record that indicates the voter

registered at a naturalization ceremony in Bexar or Travis County. As a result, Travis County identified and removed 212 records from the list bringing the total voters with proof of naturalization to 868.

**Tuesday, Feb. 12, 2019:** Travis County completed a manual review of 1,265 voter registration records with the code that indicates the most recent application was submitted by mail. The images were searched to determine if a valid voter registration application was submitted to DPS after the voter became a citizen or if the voter registered at a naturalization ceremony in Bexar or Travis County. As a result, Travis County identified and removed 6 records with DPS applications showing citizenship and 247 records with proof of naturalization. This brings the total number of voters removed after verification that a valid application was submitted to DPS to 651 and the total number of voters removed after verification of naturalization to 1,115.

**Thursday, Feb. 14, 2019:** Travis County completed a manual review of the remaining 495 voter registration records. The images were searched to determine if a valid voter registration application was submitted to DPS after the voter became a citizen or if the voter registered at a naturalization ceremony in Bexar or Travis County. As a result, Travis County identified and removed 3 records with DPS applications showing citizenship and 28 records with proof of naturalization. This brings the total number of voters removed after verification that a valid application was submitted to DPS to 654 and the total number of voters removed after verification of naturalization to 1,143. This concludes the initial review of all 4,558 voters provided by the Secretary of State.

**Friday, February 22, 2019:** Travis County completed a manual review of 1,760 historical images. The images were searched to determine if a valid voter registration application was submitted to DPS after the voter became a citizen or if the voter registered at a naturalization ceremony in Bexar or Travis County. As a result, Travis County identified and removed 41 records with DPS applications showing citizenship and 232 records with proof of naturalization. This brings the total number of voters removed after verification that a valid application was submitted to DPS to 695 and the total number of voters removed after verification of naturalization to 1,375.

**Monday, February 25, 2019:** **Based on recent communication received from the Secretary of State, we are suspending further review of the Secretary of State's list at this time until the Secretary of State provides credible information requiring further review.**
